

FINAL CONFERENCE

BLUESLINKS

3rd - 4th September 2026

Dubrovnik - Croatia

The BLUELINKS final conference provided an opportunity to present the project's results and exchange experiences and best practices among relevant stakeholders, researcher, institution and project partners. Through expert presentations, thematic panels, and discussions, participants will present main results under three key sectors of the blue economy addressed by BLUESLINKS project and the potential for strengthening the blue economy through youth engagement and business innovation.
